PERFECT ATTENDANCE

Forty-two students of Appomattox Primary School, were presented Perfect Attendance Certificates by Mrs. Patricia Torrence, principal, on the last day of school. This is a great achievement for these kindergarteners, first and second graders. They attended 180 days filled with many learning and fun-filled experiences.

St. Luke

Although there were many other church activities on May 29th, a sizeable crowd attended the Baptist Sunday School Union at the Mt. Lyle Baptist Church at 9:45 a.m. Rev. T. M. Venerable the president, was present and in charge of the meeting. Rev. Wyatt Venerable was the guest speaker. He spoke from the Ten Commandments. All listeners took well note of the message. The Youth program was very inspiring. The Sundy School department was a highlight of the meeting. The ladies of the church served a delightful lunch.

Rev. J. E. McLaughlin was out of town, and his nephew, Rev. Wesley McLaughlin took charge to supply for his uncle Sunday, June 5th at St. Luke. He spoke on the subject "Burn Up The Junk" - of unclean thoughts and acts that keep out the spirit of God from using us in his service.

Mrs. Josephine Nowlin was back after being out because of illness, and took charge of the music the Jr. Choir gave same.

Many friends attended. Some out of town members were present. Mr. Harmon P. Elliott and Mrs. Eva M. Hamlette were included in the out of town members. The offering for the day was very good.

Mrs. Eva M. Clark was entertained at the home of her daughter, Mrs. Inez Pattrick by a birthday dinner in her honor. Mrs. Clark received a sizeable amount of currency from her children and relatives and friends.

On June 26, the men of St. Luke Church will be observing annual Men's Day. You are invited to attend. The time is 6:30 P.M.

Mrs. Esther Callaham remains on the sick list in Lynchburg General Marshall Lodge Hospital, and is expecting to return home in a short time.

Mrs. Eva Hamlette is residing in the home of Mrs. Grace Walker to be near her sister while she is so ill. We are hoping that Mrs. Callahan will soon be back to her usual self again.

Mrs. Emman Jones, Mrs. Flossie Foster, Mr. Smith Tweedy and Mr. and Mrs. Winifred Tweedy were in to attend the graduation of their dear relative, Miss Deidre Ann Tweedy. Many other relatives and friends attended the graduation exercises. That was very enjoyable.

GOOD NEWS FOR HOMEMAKERS

SPRUCE-UP OUTDOOR FURNITURE

Outdoor furniture, which may include wrought iron, red wood, wicker or aluminum, should be checked and refurbished before heavy seasonal use takes its toll. Here are some suggestions;

Wrought iron - - Hose off with detergent or soap suds and rinse. Retouch nicks or chips with enamel paint to prevent rusting. If paint is cracked or peeling remove it and traces of rust with steel wool or a stiff brush. Then wash with a metal conditoner according to package directions. Rinse and dry. Coat wrought iron with a metal primer and then enamel. Maintain the finish by applying a metal wax coating periodically.

Redwood - - Remove dirt by vacuuming with a vacuum hose attachment or by wiping with a damp cloth. If pieces are cracked or split, pry apart and work in waterproof glue. Use a C-clamp to seal the place where you have put the glue. At least once during the season seal redwood underneath and on top with a redwood sealer which protects the wood against moisture, dirt and stains while restoring furniture to its original color. If the furniture needs to be refinished, apply paint remover, rinse and allow to dry thoroughly. Since redwood scratches easily, sand away surface stains or marks with very fine sandpaper. Wipe away this sandpaper residue, then apply clear or lightly tinted wood stain, a water-proof penetrating finish or a redwood preservative to bring back its natural color.

Aluminum - - is rust resistant, but it can become dull, pitted, and dirty. Use a stiff brush dipped in detergent or soap suds to remove dust and dirt from aluminum frames. Polish with a steel wool soap pad and rinse. Dry with a clean cloth. Restore lustre with an auto wax paste. To remove discolorations, wash aluminum with a metal conditioner. Rinse and polish with steel wool. Wipe clean with paint thinner, then coat aluminum with a clear, non-yellowing acrylic lacquer.

Wicker and Ratan - should be vacuumed thoroughly to rid surfaces of rust. Repair loose strands with waterproof glue Tack into place with rust-proof nails. When glue has dried thoroughly, scrub the wicker or ratan with the brush dipped into detergent or warm water. Rinse thoroughly. Spray with a coat of clear varnish. If badly stained, spray the furniture with an outdoor enamel after it has been washed thoroughly. Accessories or component parts such as plastic webbing, plastic or canvass cushion seats should also be restored and replaced. Mend frayed or ripped areas if possible. Wash the webbing and seats with a sudsy brush or sponge. Rinse and dry.

If you take proper care of your outdoor furniture you will find that its lifetime will be much greater. Should you have a question on how to do this or need some suggestions, please call or write the Appomattox County Extension Office. Our phone number is 352-8244 or you may write us at P. O. Box 488, Appomattox, Va. 24522.
